

Excess Liability

Our Excess Liability coverage provides capacity over our primary products including Pollution, Professional and General Liability policies as well as our Commercial Auto and Workers Compensation.

Excess Liability

Excess Liability is available providing capacity over our primary products. Our Follow Form product is suited for attachment to ECP and other combined coverage form products, Pollution, Professional and well as our Commercial Auto and Workers Compensation coverages. We also have the ability to consider lead excess and high excess positions where we do not necessarily participate in any of the primary coverage placements.

Coverage includes

- Excess products based on ISO Commercial Excess Liability Coverage Form
- Includes all generally accepted policy provisions and conditions
- Sits over underlying Occurrence and Claims-Made Coverage parts
- \$1M commercial automobile attachment point when BENV writes the primary auto
- \$2M commercial automobile attachment point when BENV does not write the primary auto
- Claims handling consistency with claims personnel for both underlying and excess layers

Product Features

- Valuable capacity with up to \$15,000,000 limit available

Total Account Solutions

One of our greatest strengths is our ability to offer coverage for your entire account, providing you a Total Account Solution. The following additional coverages may be available in conjunction with the environmental products referenced above. All coverages are written with one underwriter, providing you a single point-of-contact and ease of doing business.

Commercial Automobile +

Workers Compensation +

Excess Liability +
