

Tailored Liability Coverage for Manufacturing

Berkley Environmental delivers tailored insurance solutions with Combined General Liability and Site-Specific Pollution Liability (GSP), blending occurrence-based general liability with claims-made pollution coverage. Backed by a team of environmental experts, we address operational and manufacturing risks while building lasting partnerships through dedication, responsiveness, and accountability.

Industries We Insure (full list on back)

Alternative Energy

**Petroleum / Rubber /
Plastic Related Products**

**Chemical - Manufacturers,
Distributors**

Specialty Manufacturing

Metal Working / Finishing

Waste Management

Packaging / Containers

\$2.3 trillion

Amount manufacturing contributed (10.2%) to the total U.S. GDP in 2023. In Q1 and Q2 2024, it has contributed 10.1% of the total U.S. GDP.

Source: NIST.GOV, U.S. Dept of Commerce

Products Available

Combined General Liability and Site Pollution Liability (GSP)

Provides ISO based GL coverages with ability to scale levels of site, products, contractors' and transportation pollution liability

Excess (FFX)

Offers up to \$15m in excess capacity for the GSP target classes. Capability to offer a Follow Form Excess (FFX) to the GSP, or Lead/High Excess of another carrier

Auto (BAP)*

Minimal restrictions on class
(*ready mix concrete is not a target class for auto)

Workers' Compensation (WC)

Ability to offer WC on most classes listed

\$76 billion

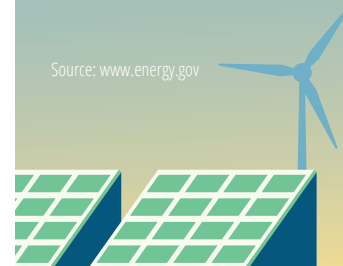

The amount that the **Infrastructure Investment and Jobs Act** included for the U.S. Department of Energy to invest in clean-energy related initiatives (not including electric vehicle infrastructure).

58% Solar

Solar makes up 58% of all new electricity generation in the U.S.

Solar installations in 2024 are up 30% over 2023.

Who We Insure | Classes of Business

Alternative Energy

- Alternative fueling stations
- Battery and subcomponents (*not electric vehicle batteries*)
- Electric charging station operations
- Land based solar farms
- Methane collection and co-generation for self-use
- Geothermal energy facilities
- Hydroelectric facilities

Metal Working / Finishing

- Boiler or high-pressure vessels
- Bolt and screw
- Electroplating
- Foundries
- Metal goods
- Pipes
- Tool and die
- Tank manufacturing (*under ground or above ground*)
- Valves

Chemical* - Manufacturers, Distributors

- Adhesives manufacturing
- Carbon and graphite
- Coatings
- Color or pigments
- Ethyl alcohol manufacturing
- Fertilizer, herbicide, insecticide, or pesticides
- High tech chemical products
- Industrial cleaners / solvents / gases
- Industrial organic / inorganic chemicals
- Ink
- Janitorial cleaning products
- Paint and varnish
- Resin
- Soap, detergent, and sanitizer manufacturers
- Surfactants
- Swimming pool chemicals
- Textile chemicals
- Water treatment products

Packaging / Containers

- Aerosol containers (*manufacturing or filling*)
- Beverage / bottling
- Bottle / jar / glass
- Drums (*including reconditioning*)
- Paper / pulp

Petroleum / Rubber / Plastic Related Products

- Asphalt manufacturing and distribution (*no installation*)
- Floor covering
- Fuel additives (*Ethanol, Bio-diesel*)
- Lubricants and oils
- Membranes or liners
- Plastic or rubber goods

Waste Management

- Composting facilities
- Landfills
- Recyclers
- Treatment storage and disposal facilities
- Waste water treatment

Specialty Manufacturing

- Abrasives
- Auto, aircraft, RV & watercraft (*non-critical parts*)
- Cement, concrete, or plaster
- Electrical / electronic parts
- Equipment used to cleanup, treat, monitor, control or measure pollution
- Fertilizer and organic herbicide / pesticides
- Interior building materials
- Quarries
- Sealants and caulking
- Textiles / cloth / fabric / upholstery (*no clothing / branded products*)
- Waxes or polishes
- Wood preserving
